

## **Help needed with Summer Vision Screenings**

**Just because we finally are finally experiencing a summer doesn't mean we can relax with our fight against preventable blindness. Our screening campaign continues. On June 19, we delivered new PlusOptix screening equipment to the Palmer Lions Club. We welcome them to our growing group of State of the Art screeners and know they will continue to do their best in the fight.**

**We have only a few events for July so far but we always need volunteers. Lion Joanne Koss is taking the summer off so we need a "few competent screeners" to take her place. Everyone agrees she is not replaceable but we will try, just for the summer though. If anyone knows of another event where we can set up shop, please feel free to let me know so I can schedule it.**

**In August we will be starting up again in the school screenings. With the support of Dr. Arnold and Nancy Edtl, the Head School Nurse, we will be going into all 60 schools in the district. With that we will need all of your help. It is ideal to have at least 3 Lions present at the screening but 5 would be ideal. Of course there is also the State Fair. This year the chairmanship is in the most capable hands of Lion President Sandra Wilson from the Eagle River Lions. Give her a call. I am sure she will appreciate as many volunteers as she can get.**

**Just remember, we can only go forward with your help. Give me a few hours and I will give you the most rewarding feeling you will ever have. Enjoy your summer and I look forward to hearing for each and every one of you.**

**July 9, 2008  
Quick WIC Clinic Day  
825 L St., Anchorage, Rm 209  
1PM to 3PM**

**July 15, 2008  
Programs for Infants and Children Annual Picnic  
Spenard Rec Center  
4:30PM to 6:30PM**

**July 16, 2008  
Quick WIC Clinic Day  
825 L St., Anchorage, Rm 209  
1PM to 3PM**
